Helpful Tips

Due to the increase of pets at Colonnade, comes an increase of dog barking so here are some helpful tips that might decrease the noise that resonates from a dog bark. A citronella collar which lightly sprays a non-toxic and unharmed scent on the dog when he/she barks is one suggestion. You might also check with your local Pet Store or Veterinarian to see if they could suggest more helpful tips. We kindly ask that you please keep your neighbors in

mind!
