Aloha Mike

It is with great sadness that we say Aloha to our Site Manager Micheal Iles as he is leaving the Colonnade to pursue other opportunities. We thank him for the years he has been with us and wish him much success in his new venture.

Hurricane Tips

Even though summer is over, the hurricane season does last until December so there is still time to take action by preparing a home survival kit and making emergency plans. Don't wait until a Hurricane Watch is issued to make your preparations. When a Hurricane Watch is declared, make final preparations and review emergency plans with your family. Next month Emergency Preparedness Checklist.

AS A REMINDER. . . Please don't forget to **BAG** and **TIE** your trash bags before throwing it in the trash bins located on each floor. When trash is loose, the debris and or liquid spills into the trash bins which causes a smelly mess for all. Taking these few simple steps can alleviate such a big mess and prevent a stench from permeating throughout.
